

# CABIN AND EXTERIOR CLEANING

We offer a range of aircraft cabin cleaning chemicals and aircraft exterior cleaning chemicals. This includes a variety of products required by aircraft owners and commercial airline purchasing executives to meet their unique needs.

# CABIN CLEANING

## Cabin Cleaner

Cabin Cleaner is a multipurpose cleaning agent for washable surfaces in the aircraft. The product effectively degreases and leaves no streaks after use. The non-corrosive formula is safe for use on metal (aluminium), plastic and (un)painted surfaces.

## Cabin Disinfectant

Cabin Disinfectant is a disinfecting agent for pre-cleaned, hard surfaces in the aircraft. The non-corrosive formula is safe for use on metal (aluminium), plastic, (un)painted, rubber, vinyl and Tedlar® surfaces.

## Cabin Cleaner Triple Action

Cabin Cleaner Triple Action is a versatile product offering an all-in-one solution to clean, sanitise and deodorise aircraft cabins and surfaces. The non-corrosive and non-flammable formulation makes it safe for use in aircraft cabins.

## Avionics Cleaner

Avionics Cleaner is a ready-to-use product for cleaning aviation screens and instruments, in-flight entertainment systems, in-seat and overhead (touch) screens, etc. This specialised formula will not damage the anti-glare coating on displays and screens and is safe for other surfaces in the aircraft such as metals, plastics and (un)painted surfaces. It guarantees a streak-free result and has an anti-static effect when used in combination with anti-static wipes.

## Deep Cleaner for Leather

Deep Cleaner for Leather is specifically formulated to leave leather looking and feeling new. It removes stubborn stains and soil from finished leather and removes glossy build-up from body oils and dirt.

## Leather Conditioner

Leather Conditioner revitalises leather so that it looks and feels like new again and helps protect finished leather from the sun's harmful effects.

## Ink Remover

Ink Remover helps effectively remove most ink and pen stains from finished leather surfaces. It also removes lipstick and other stains quickly and effectively.

# EXTERIOR CLEANING

## Airframe Cleaner

Airframe Cleaner is a concentrated detergent for general cleaning activities related to cleaning the exterior of airplanes, helicopters and other aircraft. The product easily removes oil, grease, exhaust gas and dirt and applies a coating to prevent the build-up of new dirt particles. The non-corrosive formula is safe for use on metal, plastic and (un)painted surfaces, de-icing boots, glass, Plexiglas® and Lexan® and windshields.

**Updated formulation  
for even higher effectiveness!**
