

# MAINTENANCE PRODUCTS

Protect, lubricate, rejuvenate and clean with a range of chemicals from reliable industry brands.

# MAINTENANCE PRODUCTS

## SuperCORR A

SuperCORR A is designed to lubricate and protect against moisture and corrosion, surface static electricity, corona and other electro-migration problems. It is hydrophobic (disperses and displaces water) and prevents contamination on all surfaces in humid conditions or when exposed to saltwater. It does not impede the flow of electricity through connectors. The product forms an airtight seal which prevents acid, voltage or battery electrolytic leakage.

### CERTIFICATION

Chemical properties according to MIL-L-87177A, type I, Grade B

### AVAILABLE IN

☛ 270 ml aerosol (net volume)  
= 340 g / 12 oz. (net weight)  
= 454 g / 16 oz. (gross weight)

## Age Master™

Goodrich Age Master® #1 is a rubber protective agent that penetrates and chemically bonds with neoprene to provide outstanding protection against sunlight, weathering, ozone, oxidation and pollution. It enhances the durability of your aircraft's rubber materials.

### CERTIFICATION

Chemical properties according to MIL-P-11520E

### AVAILABLE IN

☛ 946 ml bottle (32 fl. oz.)

## ICEX II™

Goodrich ICEX II is an ice adhesion inhibitor that has been specifically formulated to enhance de-icer performance without harming the environment. It chemically bonds with the surface ply of de-icers to boost performance by making de-icers slippery and shed ice more easily.
